HALF-OFF
Traffic Solutions

For a limited time, state and federal agencies will match Austin dollar-for-dollar on all transit investments. Unless redeemed, matching funds will go to other cities and states.

Coupon expires Tuesday, Nov. 4th
Election Day

Prop. 1 will invest in major road improvements and the first phase of a rail transit system that will serve the entire city. Every transit dollar approved by Prop. 1 will be doubled by state and federal matching funds, up to $700 million. If Prop. 1 is not approved, matching funds will go to other cities and states. Coupon valid for registered voters only. Redeem at any polling location. Offer NOT endorsed by the Austin Tea Party.
Double Our Money or Double Our Misery?

Austin traffic is out of control. Unless we do something, our commute times could double by 2040.

Prop. 1 delivers major improvements to I-35 and other roads, as well as the first phase of a citywide rail transit system that will remove tens of thousands of cars from our roads.

And, Prop. 1 includes a dollar-for-dollar match with state and federal funds, doubling its impact. If Prop. 1 is not approved, matching funds will go to other cities and states.

Make sure you know whose side you are on!
The Austin Tea Party and a millionaire road maintenance contractor who opposes all rail transit are behind the campaign against Prop. 1. Just saying “no” does nothing to protect our quality of life!
